

The First Term Exam

Text:

To be in good health is one of the greatest pleasures of life. Without health a person would not be able to enjoy wealth or anything else. That is why we say that health is better than wealth.

Young people like your selves should learn how to keep in good health. The people in the past did not understand how to keep healthy. Many notions suffered from illness and great numbers of young men and women died.

When an illness broke out, it spread quickly over whole countries. The most cause of illness are germs or microbes. A germ is a very small living organism which you can see only with a microscope. Germs are carried by air by food, by water or touch. Some animals and insects may also carry germs from person to person.
