

Djeha's Shirt

One day, Djeha stopped at a village to have lunch. He noticed that the villagers were unhappy because there was not water and all the rivers were dry. Djeha said: "It will rain tomorrow if you give me some water." Each family gave him a little water.

When he began to wash his shirt, the villagers watched him angrily because it was all the water left in the village. When he put his shirt to dry, it began to rain. The villagers thanked Djeha a lot and asked him how did it happen. Djeha said: " it's easy. I've got one shirt and every time I wash it, it rains."
